Project details

Brief description

Details of the grant and grant number

Further details

Proficiency using GPUs: low advanced proficient

By using the GPU cluster, you commit to provide feedback on the use of the systems. This should be in the form of a short report or feedback presentation.

If you publish a work that made use of the GPU cluster, please include an acknowledgement, for example: *“We gratefully acknowledge the use of the computational facilities of the Center for Data and Simulation Science (CDS) at the University of Cologne.”*
